

HOW TO DOWNLOAD YOUR TICKET TO YOUR APPLE WALLET

Step 1

Please ensure you have an iPhone 6 or newer model, and have the **most recent software** installed on your phone.

Step 2

Please check that you have **Apple Wallet** installed on your phone. If not, you'll need to visit the app store and download this.

Step 3

You should have received an email from **NCFCTicketoffice@canaries.co.uk**, which contains your digital ticket. Please open this and select **ADD TO APPLE WALLET**. Follow the on screen instructions, and please 'add'. Please note, if you also have an Apple Watch, you'll also see your digital ticket added there too.

Step 4

Please visit your wallet and **ensure you can see your digital ticket**, and that all details are correct. If not, please contact the ticket office.
